25X1	19. Dropped by to see Mike Rexroad, Senate
	Appropriations Committee staff, to see if there was any feedback from the
	Director's letter to Chairman John L. McClellan on the subject of the
	Soviet presence in the Indian Ocean/Diego Garcia. Rexroad said they had received the Director's letter during the Committee meeting on Tuesday,
i	apparently without any real reaction. Rexroad did indicate, however
:	that Secretary Schlesinger's numerous calls to members of the Committee
	had brought a rather negative reaction, that the question was going to be
	put up to the full Senate, and he felt that funds for Diego Garcia would be voted down.

25X1	Advised Jim Oliver, OMB, of the
	Agency decision to proceed with the adoption for CIARDS of the funding
	arrangements made for Civil Service and Foreign Service retirement systems. The catch up amendments to Civil Service benefits have been captive to
:	movement on the funding issue for far too long and we hope for a quick clearance
	from OMB. In response to his query, I said I thought we had some flexibility
:	in establishing the effective date of the funding provision to comerate with
:'	budget submissions (Oliver favors a delay until FY 77) but such a decision must be made in the light of the status of the funds. I then advised
	OF, of this conversation and he is reviewing the matter.
